## Don't Spoil a Good Meal With a Bad Stomach

If a physician, a specialist in stomach diseases, came to you and said: "I will fix up that miserable worn out stomach for you or money back."

"I will make it as good as new so you will not suffer from any distress and can eat what you want without fear or suffering, or money back."

And when you are offered Mi-o-na stomach tablets, made from a prescription better than many of the stomach specialists know how to write, are you going to be narrow minded and continue to suffer from indigestion, or are you going to be fair to yourself and try Mi-o-na on the money back agreement.

Mi-o-na stomach tablets are offered to you on this basis, that if they do not put your stomach into such good shape that there is no distress, sour stomach, biliousness, sick headache, and stomach distress, your money will be returned. For sale by People's Drug Stores and all leading druggists.

**AMEND RESTRICTION BILL IN COMMONS**

New Vote Agrees to Proposals of Government Which Met Defeat Last Week.

LONDON, Oct. 28.—The House of Commons has amended the alien restriction bill according to the government's desire. Last week in Commons, the government suffered defeat on this measure. The amendment passed was offered by the government leader, Andrew Bonar Law.

The government's defeat last Thursday was over an amendment intended to modify the restriction withholding pilotage certificates from all aliens, the government desiring to make it inapplicable to a number of French pilots who were allowed privileges in British ports in exchange for corresponding privileges to English pilots in French ports through an agreement with France.

Mr. Bonar Law today moved an amendment reading that the provisions of the clause in the pilotage act of 1913 shall continue to apply to the renewal and issue of certificates entitling master and mate of French nationality to navigate their ship into Newhaven and Grimsby.

The government leader said that the French attached the greatest importance to the clause. Great Britain did not desire that there be any misconception, he explained, and wanted to have it made clear to the French that the British intended to adhere to their previous agreement.

The cabinet, at a meeting today, drafted a motion which will be proposed by Austen Chamberlain, chancellor of the exchequer, on Wednesday. "That this house, realizing the serious effects upon trade and industry of the nation of the enormous financial burdens resulting from the war, promises its hearty support to the government in all reasonable proposals, however drastic, for the reduction of expenditure and the diminution of debt."

They are Joseph Bryozinsky and Ezra Mansfield, young men. Bryozinsky was arrested after he is alleged to have run out of a hardware store. The proprietress said he had taken a revolver without paying for it.

Bryozinsky said he had been rejected for enlistment because he was underweight. A lieutenant of Company K, thirteenth Infantry, he said, gave him an outfit and he did regular duty with the company, always disappearing when there was a muster or an inspection.

Ezra Mansfield, who was arrested by Inspector Anderson of the Port of Embarkation on suspicion that he might be implicated in recent robberies, told a similar story.

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

**Rheumatism Ridden After Influenza**

Nu Vim Certainly Does Put Pep Into Worn People

Rheumatism follows a run down condition. The reason is simple enough. When you fail to digest your food, your body doesn't get enough nourishment to give you strength. The poisons that muscular action generates stay in the blood. The kidneys do not throw them off, and pretty soon you feel pains. Mrs. John Brookman, who lives at 115 W. 11th St., Erie, Pa., said that "Rheumatism in my arms kept me from working. It followed the run down condition that stuck to me after an attack of influenza. Only two bottles of Nu Vim, the great Iron Tonic, relieved me entirely of this condition, so that now I am feeling fine. It surely is the best medicine I ever used." This paper isn't big enough to hold the stories of all the people who have said the same thing. Nu Vim certainly does put "pep" into people. It is an eliminative tonic, and it takes out the poisons as well as supplies the "pep." Maybe it is just the thing you need. Try a bottle and see. On sale at all People's Drug Stores.

## COMMITTEE GETS RAILROAD BILL SOON

The Esch-Pomerene railroad bill, representing the opinion of the House Interstate and Foreign Commerce Committee on needed railroad legislation, will be presented to the full committee from the subcommittee, where it is being perfected, late this week.

The bill may remain with the general committee a week or longer before it is reported to the House. It is understood that the committee is divided as to many of the features of the proposed Esch-Pomerene bill, which is made up largely of Interstate Commerce Commission amendments to existing law, and which it is reported the subcommittee has accepted.

In many important features the Esch-Pomerene bill differs from the Cummins bill which has been presented to the Senate from the Senate Committee on Interstate Commerce. The Esch-Pomerene bill, for instance, carries no anti-trust provision similar to the Cummins bill, and prescribes no rule for the diversion to the Government of excess earnings by any railroad. It does not provide for a board of transportation, such as is authorized in the Cummins bill, with powers greater than those of the Interstate Commerce Commission.

The best information obtainable from those in touch with sentiment in the House Interstate and Foreign Commerce Committee is that the committee is opposed to these three provisions of the Cummins bill, and will not accept them either in committee or on the floor of the House when the legislation comes up for consideration prior to its passage. What compromises may be worked out between the House and Senate when the legislation goes to conference for adjustment of differences between the House and Senate it is impossible to forecast.
